TASARIM & PLANLAMA

Diksan Otomotiv'de üretim, tasarım ile başlamaktadır. Sektörün ihtiyaç ve beklentilerine en iyi çözümleri sunabilmek için ar-ge çalışmalarına büyük önem veren firmamız, bu çalışmalarının neticesinde elde ettiği verileri mühendislerinin tasarımlarıyla şekillendirerek üretime dönüştürmektedir.

Endüstriyel tasarımları tamamlanan ar-ge verileri, üretim planlama departmanında değerlendirilip, sektöre yeni ve alternatif ürünler olarak sunulmaktadır.

DESIGN & PLANNING

In Dikmen Otomotiv, production starts with design. Our company attaches great importance to R&D studies in order to offer the best solutions to the needs and expectations of the sector, and transforms the data obtained as a result of these R&D studies into production by shaping it with the designs of our engineers.

R&D data, whose industrial designs are completed, are evaluated in the production planning department and presented to the sector as new and alternative products.
